 - b. Technical Committee
 - c. Policies and Objectives Committee
 - d. Administration Committee
- VI. Applicability of Surcharge Requirements
- V. Consultant Grant Selection Process
- V. Other business
- VII. Next meeting date
- VIII. Adjournment

Wireless Enhanced 911 Board
Minutes of April 8, 2005 Meeting
April 11, 2005

Board Members in Attendance: Peter Jaeger, Roy Irei, Joel Matsunaga, Jeff Yamane, Dexter Takashima, Milton Matsuoka, Richie Nakashima, Roger McKeague, Paul Ferreira. Members excused: John Cole, Gordon Bruce. Staff in attendance: Patricia Ohara (Department of the Attorney General) and Kerry Yoneshige (Department of Accounting and General Services).

1. The Vice Chair, Roy Irei called the meeting to order at 12:37 p.m.
2. The minutes of the February 25, 2005 board meeting were approved.
3. Committee updates were provided by the chairs:
 - a. Finance Committee: Joel Matsunaga, Chair reported that the collateral agreement is in progress but not yet executed, amounts deposited into the First Hawaiian Bank (FHB) accounts are below \$100,000 (FDIC insurance limit). Kerry Yoneshige is working with the AG's office and FHB to complete the contract. Inquiries have been received from companies about the applicability of Act 159 and the definition of "prepaid connections". The Department of the Attorney General (AG) will be reviewing these issues. To assist the AG in the interpretation, wireless carriers were asked for guidance and Jeff Yamane volunteered to provide a matrix of prepaid connection scenarios. Another issue which arose was the handling of confidential information by board members. The board will look at finalizing a confidentiality agreement signed by all board members to provide assurance to wireless providers on the confidentiality of the information provided.
 - b. Technical Committee: Pete Jaeger, Chair reported that public notice for to engage a consultant for the Enhanced Wireless 911 grant was completed and the Governor's approval to hire a consultant was also received. The public notice will be posted on the State Procurement Office website on Monday, April 11, 2005 with a deadline for response by April 25, 2005. Subsequent to the submission of the candidate information, the Technical Committee will undergo the candidate review process (as the selection committee) and submit the recommendation to the Chairman. Also reported was that Nextel Partners continues with the implementation of Maui with Phase II implementation scheduled for the summer of 2005. It was also suggested that a State employee sit on the selection committee and Roger McKeague was asked and accepted the position.
 - c. Policies and Objectives Committee: Vice Chair Irei distributed a copy of the draft confidentiality agreement that had been prepared by John Cole. He also noted that the softcopy would be emailed to members for their review and comment. The AG was also requested to review the confidentiality agreement.

It was also requested that this committee also address and make recommendation on a Wireless Carrier's reimbursement policy (cost recovery).

d. Administration Committee: Roger McKeague, Chair, reported that he has requested the Department of Health's Administrative Services Officer to obtain information on the requirements of service contracts for other state agencies which may have similar functions to be used to formulate the basis for the scope of work for the consultant which handles operations. As the other member of the committee was Courtney Harrington, his replacement, Gordon Bruce was suggested for this committee.

4. Vote was taken and Roy Irei, was elected Chair of the board.
5. The Chair then requested nominations for Vice Chair. Discussion followed that the Vice Chair should be a PSAP and possibly from the neighbor islands for representation. After discussion, it was decided to defer the election of the Vice Chair until the next meeting.
6. Copies of notices which had been sent to wireless carriers for the Maui Police Department were distributed.
7. Next meeting will be May 6 at 10:00 a.m. in the Comptroller's Conference Room.
8. The meeting was adjourned at 2:00 p.m.

Hawaii Enhanced 911 Board Meeting
April 8, 2005

Technical Committee Report- Pete Jaeger Chairman

1. Search for Consultant for Grant services still on going following the Professional Services guidelines for Section 103D-304 HRS Chapter 3-122, subchapter 7 HAR
 - a. Met with Pat Ohara and Kerry Yoneshige on March 4 to finalize process
 - b. Wrote amended Web page notice
 - c. Got approval on March 30, 2005 to post on the Web from Governor
2. Technical committee will undergo the candidate review process and submit our recommendation to the Chairman.
3. Nextel Partners is continuing process to implement Phase II services for Maui County.

Respectably submitted by Pete Jaeger

NOTICE TO PROVIDERS OF PROFESSIONAL SERVICES

The State of Hawaii Wireless Enhanced 911 Board may require the services of a qualified telecommunications consultant firm to provide assistance in planning, coordination and project management of Hawaii's statewide wireless E-911 deployment.

The scope of work includes but is not limited to:

1. Assessment and Project Planning- review of the PSAP capabilities with regard to equipment, network, staffing and call volume.
2. Report on readiness of the 5 County PSAP and two Federal PSAP's to the Hawaii E911 Technical Committee and Board
3. Implement Enhanced E911 services in Maui County – Island of Maui with at least one wireless carrier.
4. Implement Enhanced E911 services on Oahu in Honolulu County to include Federal PSAPS Pearl Harbor and Hickam with at least one wireless carrier.
5. Report on E911 readiness of Molokai, Kauai, and Hawaii Counties.
6. Provide milestones and requested payment schedule for the project

Under the Requirements of the Wireless E-911 PSAP readiness fund grant to the State of Hawaii the Chairman of the Wireless Enhanced 911 Technical Committee is authorized to invite interested individuals or firms engaged in professional services of 911 Telecommunications for consideration to be hired for consulting services for 911 implementation.

Individuals or firms interested in being considered for this project, and who have the necessary experience and qualifications, must respond via email with follow up in writing.

Responses must be received by 4:30 pm HST on April 8, 2005.

Mr. Peter Jaeger

Chairman Technical Committee – Wireless Enhanced 911 Board

3375 Koapaka Street D-155

Honolulu, Hawaii 96919

email Pete.Jaeger@Nextelpartners.com

The candidates must possess the following Minimum qualifications for consideration:

- Electronics engineering specializing in Telecommunications – with minimum 5 years of experience.
- Experienced in working with wire line carriers in E911 implementation.
- Experienced in deployment of Wireless enhanced 911 services in both Phase1 and Phase 2.
- Ability to work in State of Hawaii.
- Ability to list telecommunications projects completed in Hawaii
- Ability to provide timely verbal and written reports to the Board and PSAP management.
- Experienced in project management in the Telecommunications industry.
- Experienced in PSAP operations.

Please list your references.

Only those prospective individuals or firms who submit their response to this request by the deadline will be considered.

This process will include review of qualified candidates, a selection of final candidates and the final interview process. The candidates will be evaluated by the following criteria:

1. Experience and professional qualifications relevant to the project – 34%
2. Past performance on project of similar scope for public agencies, including corrective actions and other responses to notices of deficiencies - 33%
3. Capacity to accomplish the work in the required time- 33%

If you have questions please email or call 808 837-4222 during Hawaii business hours.

Pete Jaeger

CITES FROM HRS §138

FROM DEFINITION SECTION:

"Commercial mobile radio service connection" means each active wireless telephone number assigned to a commercial mobile radio service customer, including end-users of resellers whose place of primary use is within the State.

"Reseller" means a person or entity that purchases commercial mobile radio service from a wireless provider for the purpose of reselling commercial mobile radio service to end-users.

"Wireless provider" means a person or entity that is authorized by the Federal Communications Commission to provide facilities-based commercial mobile radio service within the State. [L 2004, c 159, pt of §2]

=====

[§138-4] Surcharge. (a) A monthly wireless enhanced 911 surcharge, subject to this chapter, shall be imposed upon each commercial mobile radio service connection.

(b) The effective date of the surcharge shall be July 1, 2004. The rate of the surcharge shall be set at 66 cents per month for each commercial mobile radio service connection. The surcharge shall have uniform application and shall be imposed on each commercial mobile radio service connection operating within the State except:

(1) Connections billed to federal, state, and county government entities; and

(2) Prepaid connections.←

(c) All wireless providers and resellers shall bill to and collect from each of their customers a monthly surcharge at the rate established for each commercial mobile radio service connection. The wireless provider or reseller may list the surcharge as a separate line item on each bill. If a wireless provider or reseller receives a partial payment for a monthly bill from a commercial mobile radio service customer, the wireless provider or reseller shall apply the payment against

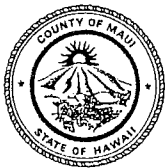

the amount the customer owes the wireless provider or reseller, before applying the partial payment against the surcharge.

(d) A wireless provider that:

(1) Is collecting the surcharge and remitting appropriate portions of the surcharge to the fund pursuant to this chapter; and

(2) Has been requested by a public safety answering point to provide phase I or phase II wireless enhanced 911 service in a particular county or counties,

may recover wireless enhanced 911 commercial mobile radio service costs as provided in this chapter.

Dear Mr. Sixberry:

Subject: Wireless Phase I and Phase II Deployment for Maui County

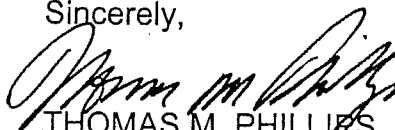

In compliance with the Federal Communications Commission (FCC) Report and Order on Enhanced 9-1-1 Emergency Calling Systems, Docket No. 94-102, this is a formal request that Phase I and Phase II services be delivered with 9-1-1 calls in the County of Maui.

The State of Hawaii has established a wireless surcharge that provides for cost recovery for public safety answering points (psaps) and wireless providers. Refer to Act 159, Hawaii State Legislature 2004.

We look forward to working with your company to improve the quality of wireless E9-1-1 services for your customers and the citizens of Maui County. Please provide the name and contact information of the person who will be coordinating the planning and implementation of this service for your company. Issues on timelines for deployment, responsibilities, and location technology are discussion items. If you have any questions, please contact Mr. Tommy Takeshita at 808-244-6338 or Communications Lieutenant Donald Kanemitsu at 808-244-6375.

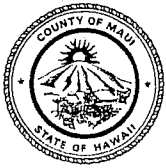

Our Department is committed to provide the finest public safety service for the residents and visitors of Maui County.

Dear Mr. Garrelts:

Subject: Wireless Phase I and Phase II Deployment for Maui County

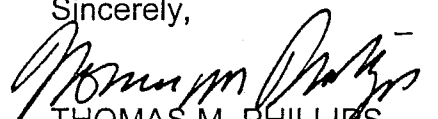

In compliance with the Federal Communications Commission (FCC) Report and Order on Enhanced 9-1-1 Emergency Calling Systems, Docket No. 94-102, this is a formal request that Phase I and Phase II services be delivered with 9-1-1 calls in the County of Maui.

The State of Hawaii has established a wireless surcharge that provides for cost recovery for public safety answering points (psaps) and wireless providers. Refer to Act 159, Hawaii State Legislature 2004.

We look forward to working with your company to improve the quality of wireless E9-1-1 services for your customers and the citizens of Maui County. Please provide the name and contact information of the person who will be coordinating the planning and implementation of this service for your company. Issues on timelines for deployment, responsibilities, and location technology are discussion items. If you have any questions, please contact Mr. Tommy Takeshita at 808-244-6338 or Communications Lieutenant Donald Kanemitsu at 808-244-6375.

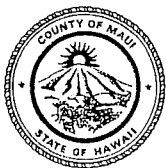

Our Department is committed to provide the finest public safety service for the residents and visitors of Maui County.

Sincerely,

THOMAS M. PHILLIPS
